PRE-EMPLOYMENT DRUG TESTING QUESTIONS and ANSWERS • What is a drug screen? A drug screen is a series of tests done on a urine specimen to check for the presence of some commonly abused drugs.

## **Welcome to the University of Rochester!**

All across America this morning, pregnant employees are screaming out in muted shouts of joy and giving each other belly bumps. Last year, I reported on the EEOC's recent pregnancy discrimination guidance, which interpreted the Pregnancy Discrimination Act as requiring workplace accommodations for pregnant employees even if impairments suffered during pregnancy do not rise to the level of a ...

The newest form of prenatal testing for Down syndrome is regularly referred to as testing cell free fetal DNA. At the recent American College of Medical Genetics (ACMG) annual meeting it was made clear that, in fact, what is mostly being tested is placental DNA. Perhaps using precise language would make clear that NIPT remains a highly accurate screening test, not a diagnostic test, since it ...

After 1997, it was theorised that there was an orchestrated criminal conspiracy surrounding the death of Diana, Princess of Wales. However, official investigations in both Britain and France found that Diana died in a manner consistent with media reports following the fatal car crash in Paris on 31 August 1997. In 1999, a French investigation concluded that Diana died as the result of an accident.
