Electrical Wiring Colour Codes In Australia, We use a somewhat confusing mixed colour coding system. Our 'equipment' wiring and our 'installation' wiring (i.e. the wiring behind the power-point/wall) colour codes are different. We use an European system for our equipment wiring, but we use an old British-ish system for our installation wiring. To complicate things a little, our equipment wiring ...

ANSI/TIA-568 is a set of telecommunications standards from the Telecommunications Industry Association (TIA). The standards address commercial building cabling for telecommunications products and services.. As of 2017, the standard is at revision D, replacing the 2009 revision C, 2001 revision B, the 1995 revision A, and the initial issue of 1991, which are now obsolete.
